Eric and Billy,

In the Alice Karl document - [Presentation from Alice E. Karl, Ph.D. - Analysis of Population and Species Impacts to the Desert Tortoise, Due to the Siting of this Project in its Current Location](#) - there is a photo (on about page 17) of what is indicated to be unexploded ordinance on the proposed RSPP site. I had discounted this as being untrue but, If this is true (which I doubt very much), I want to report it to the Explosive Ordinance Disposal Team at China Lake because it would be a very real hazard to life needing to be removed.

I believe that it is picture of a cannon round (155MM) and is very unlikely to be found at this location - (as would be the case with any unexploded ordinance). China Lake does not do much cannon work and none of it would be fired off of the base. But if this is really there we need to take steps to have it removed.
