Greetings,

Basin and Range Watch would like to request that the Palen Solar Project Evidentiary Hearing be moved up later from July 8th and 9th, 2014. You did not ask what dates would work out for everybody, you just picked a date. That particular week is one we have made previous plans for. We would like to request that the hearing be held locally in the Palm Desert region so that the people who will be impacted the most do not have to travel too far. You should try to pick a time and location that works for everybody.

Thanks,

Kevin Emmerich
