Ms. Gefter:

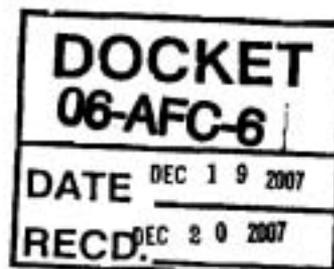

We have no objection to Local System Effects going first.

Professor Sherman Lewis should be included on the list as Group Petitioners' witness on Alternatives. His declaration was already provided on December 7, 2007.

Additionally, this is to notify you that we intend to move in the declarations and testimonies of Carol Ford, Jay White and the letter and testimony of Andy Richards, which were already admitted under transportation, also under Land Use. We also believe that the letter from George Aiken which is the City's Exhibit under Transportation applies to Land Use. If anyone wishes to cross-examine Ms. Ford, or Messrs. White and Richards on those matters, please let me know.

Thank you for your attention in this matter. Happy Holidays to everyone.
