NAME:	Solomon Gebala	DATE:	September 25, 2007
		TIME:	4:10 pm
WITH:	Hayward Unified School District		
SUBJECT:	Assessment of applicants viewpoint of COC SOCIO-1		

COMMENTS:

The applicant wanted to change the verification timing to 30 days prior to commencement of operations for the COC SOCIO-1 Payment of School Impact Fees. Solomon Gebala stated that it is the policy of the Hayward Unified School District to require payment of the school impact fee first in order to get a building permit from the City or County i.e., before construction not 30 days before operation.
