For a printed copy, call the Publications Unit at 916-654-5200, and ask for Publication No. CEC 800-2008-004- PMPD. The public comment period on the PMPD ends on **Monday, July 28, 2008.**

II. NOTICE OF SUPPLEMENTAL EVIDENTIARY HEARING

PLEASE TAKE NOTICE that the Committee has scheduled a Supplemental Evidentiary Hearing to reopen the record and to receive evidence as follows:

MONDAY, July 21, 2008
Beginning at 1 pm

Hayward City Hall Chambers
777 B Street
Hayward, CA 94541
Wheelchair Accessible
(Map Attached)

DOCKET	
06-AFC-6	
DATE	JUN 20 2008
RECD.	JUN 20 2008

As indicated in the PMPD, we will reopen the record at the Supplemental Evidentiary Hearing for the limited purpose of taking evidence on the issues specified below:

AIR QUALITY. Applicant and Staff shall consult with the California Air Resources Board (CARB) to identify and implement the appropriate modeling protocol to ensure that the project complies with the new state NO₂ standard (adopted March 20, 2008), which lowered the existing 1-hour-average standard for NO₂ of 0.25 ppm to 0.18 ppm, not to be exceeded, and established a new annual-average standard of 0.030 ppm, not to be exceeded.

PUBLIC HEALTH. Applicant and Staff shall provide evidence regarding the relevance of new ambient air quality data from CARB's March 18, 2008, Draft Health Risk Assessment on diesel particulate emissions in the Oakland area for the purpose of characterizing ambient air quality in the East Bay for the risk assessment required by Condition **PUBLIC HEALTH-1**.

WORKER SAFETY AND FIRE PROTECTION. No mitigation is proposed to address Staff's preliminary finding that the *project's incremental effect on fire and emergency response would be cumulatively considerable*. Although the Hayward Fire Department (HFD) did not provide information on the costs of upgrading Opticom, the HFD's failure to respond does not obviate the project's potential cumulative impact on HFD services. We believe this impact must be mitigated. The Applicant, Staff, and City of Hayward are directed to draft a Condition of Certification to resolve this issue.

PROCEDURE

During the Supplemental Evidentiary Hearing, all parties (Applicant, Staff, and Intervenor, if applicable) shall present evidence consisting of declarations or sworn testimony in person, and exhibits for each topic area. The parties must identify their witnesses and submit their prepared written testimony in the form of sworn declarations by the date indicated below. All witnesses who appear in person shall testify under oath or affirmation and are subject to cross-examination by other parties.

The parties shall file and serve copies of their prepared written testimony and proposed exhibits no later than **5 p.m. Tuesday, July 15, 2008**. The parties shall also send electronic copies of their written testimony and exhibits to the Proof of Service list via e-mail and additional copies to the Hearing Officer in MS Word format.

The rules of evidence pertaining to this evidentiary hearing may be found at Sections 1212-1213 of the Commission's regulations. [Cal. Code Regs., tit. 20, §§ 1212, 1213; see also § 1702 (h)]. The regulations can be viewed on the Commission's Internet website at: [<http://www.energy.ca.gov/siting/title20/tofc.html>].

The Committee will provide time for members of the public to comment on the issues discussed at the Supplemental Evidentiary Hearing.
