**SUBJECT: HBRP CONDITION OF CERTIFICATION CUL-2, SUBMITTAL OF  
MAPS AND DRAWINGS OF HBRP FOOTPRINT AND LINEAR FACILITIES  
(06-AFC-07)**

Dear Mr. Davis:

Please find attached maps and drawings of the Humboldt Bay Repowering Project (HBRP) footprint and linear facilities as required by Condition of Certification CUL-2. Copies are also being sent to the designated Cultural Resources Specialist, Clint Helton. Since Mr. Helton is a CH2MHill employee, he has access to the AFC, data responses, and confidential cultural resources documents for the HBRP project.

PG&E acknowledges that the HBRP project has not yet been certified by the CEC. Submittal of this compliance information is at PG&E's own risk and in no way implies or predisposes project certification by the CEC.

Should you have any questions, please do not hesitate to contact Susan Strachan at 530-757-7038 or me at 916-286-0278. Thank you.

Sincerely,
