APPLICATION FOR CERTIFICATION FOR THE
PIO PICO ENERGY CENTER

DOCKET NO. 11-AFC-01

PRESIDING COMMITTEE MEMBER’S ORDER DENYING PETITION TO INTERVENE

Upon consideration of the Petition to Intervene filed by Petitioner, Bill Powers, the Presiding Member of the Committee designated to conduct proceedings in this matter makes the following findings:

On July 5, 2012, a Petition to Intervene was filed in the above-captioned proceeding by:

Bill Powers, P. E.
4452 Park Blvd., Suite 209
San Diego, CA 92116
bpowers@powersengineering.com

1. This proceeding is nearing its end. Staff issued its Final Staff Assessment on May 22, 2012, and on June 15, 2012 the Committee issued a notice setting the date for the prehearing conference as July 9, 2012 and the evidentiary hearing as July 23, 2012.

2. That same notice also established June 25, 2012 as the deadline for filing a Petition to Intervene.

3. Title 20, California Code of Regulations, section 1207, governs the filing of Petitions to Intervene. That section provides that “the petition shall be filed no later than the prehearing conference or 30 days prior to the first hearing held pursuant to Sections 1725, 1748 or 1944 of this Chapter, whichever is earlier.

4. In this case, the first hearing held pursuant to Section 1748, the evidentiary hearing, is scheduled for July 23, 2012. Thus, 30 days prior to that date, or June 25, 2012, is the applicable deadline. The instant petition is therefore filed late.

5. Section 1207(c) does permit the Presiding Member of the Committee, in this case Commissioner Peterman, to grant a late-filed petition to intervene, but only
upon a showing of good cause. In the absence of a showing of good cause, the Presiding Member may not grant a late-filed petition to intervene.

6. In this case Mr. Powers did not attempt to show good cause in his petition. His petition sets forth his grounds for wanting to intervene, but is silent as to why he did not meet the deadline of June 25, 2012.

7. In an email sent in the afternoon of July 5, 2012 and entitled “Good Cause for Late Petition to Intervene” Mr. Powers states that he “did not anticipate that there would be no substantive discussion of the rooftop solar alternative or any other alternative high in the loading order such as energy efficiency and demand response, in the Pio Pico FSA” and that “The large number of concurrent projects has made it difficult to volunteer time on all of these projects.” He further states that he reviewed the Pio Pico FSA earlier this week.

8. None of these statements establishes good cause for the late filing. The FSA was issued May 22, 2012, more than a month before the deadline for intervention. Mr. Powers’ interest in the FSA is limited primarily to its discussion of the rooftop solar alternative. It would not have taken him long to check that section of the FSA to see if the discussion of that alternative was adequate in his opinion.

9. Accordingly, I deny the Petition to Intervene because it was filed late and there is no showing of good cause for the late filing.

10. Mr. Powers is free to attend the upcoming hearings and offer public comment.

THEREFORE, the Presiding Member of the Committee ORDERS that the Petition to Intervene in this matter be DENIED.

Under Section 1207(d) petitioner may appeal this decision to the full Commission within 15 days of the date hereof.

Dated: July 9, 2012, at Sacramento, California.
