

Testimony of Rob Simpson

I timely submit the attached comments to the San Diego Air Pollution Control District during the comment period for the Preliminary Determination of Compliance (PDOC). The District issued its Final Determination of Compliance (FDOC) The District did not dispute any of my comments. The comments, and any others the District received, should be added to the record for this proceeding as undisputed.

I contest all issues with the proposal. Despite my party status I have not been included on the Notice or service list for this proceeding. April Rose does not represent me. Please place me on the service list for this proceeding, electronic service is acceptable at this time. I have received virtually no communication regarding this proceeding except from the Public advisor who informed me yesterday that testimony was due today. I have not seen the applicants opening testimony. Please send me all information that would have been sent to me if I had been added to the service list for this proceeding when I intervened.

I hereby certify under the penalty of perjury under the laws of the State of California that the forgoing is true.
