WITH:	Jennifer Cook, Business Assistant, Death Valley Unified School District and Carrie Rock, Administrative Assistant, Death Valley Unified School District				
SUBJECT:	Enrollment, Capacity, and current school impact fees for the Death Valley Unified School District				

I spoke with Jennifer Cook, Business Assistant and Carrie Rock, Administrative Assistant, with the Death Valley Unified School District to get the current enrollment, capacity, and school impact fees for the 2011-2012 school year. The following are notes from our conversation:

Jennifer Cook-

- Current 2011-2012 school fees for commercial/industrial development is \$0.47 per square foot of covered and enclosed space.

Carrie Rock-

- Total district enrollment for the 2011-2012 school year is 64 students as of the last count day (Oct. 5, 2011).
- Death Valley Elementary has 4 students, Death Valley High Academy has 32 students, Shoshone Elementary has 14 students, Shoshone High (Continuation) has 1 student, and Tecopa-Francis Elementary has 13 students.
- There would be no need to add any facilities if new students were to enroll in the District. Classrooms can physically accommodate approximately 20 students per classroom.
- Death Valley Elementary has 6 classrooms plus 2 rooms for the Regional Occupational Program, Death Valley High Academy has 5 classrooms, Shoshone Elementary has 1 classroom, Shoshone High (Continuation) has 1 classroom, and Tecopa-Francis Elementary has 2 classrooms available. Shoshone High (Continuation) students travel to Death Valley High Academy for some of their classes.
- Additional teachers may need to be hired if new students were to enroll in the District.
