### **General Plan Amendment No. 2012-04/ Zoning Reclassification No. 2012-04 BrightSource Development, LLC**

Inyo County has received a General Plan Amendment and Zoning Reclassification application from BrightSource Development, LLC. The application proposes text and map amendments to the Inyo County General Plan and Zoning Ordinance for a proposed solar thermal power plant in Charleston View, a community in southeast Inyo County adjacent to the Nevada border near Pahrump, NV. The application proposes to create a Solar Energy Land Use Designation Overlay in the General Plan and a Solar Overlay Zone in the Zoning Ordinance, and apply these to the project site.

The California Energy Commission has primary jurisdiction over the project; for more information regarding the project and the overall permitting process, please refer to the Energy Commission's website at <http://www.energy.ca.gov/sitingcases/hiddenhills/>. The County also maintains a website for the project at <http://inyoplanning.org/BrightSource.htm>.
