WITH:	Ileene Anderson, Center for Biological Diversity				
SUBJECT:	Desert Tortoise Connectivity Map				

Hello Mr. Monasmith,

Attached is the map the USFWS has developed that indicates areas that are crucial for desert tortoise connectivity. As I spoke about yesterday at the workshop an "updated" map was presented by USFWS' Desert Tortoise Recovery Office at the Desert Tortoise Council Symposium this last weekend in Las Vegas. I do not have access to that "updated" map, but the CEC should request it from FWS, as it will be useful for this and other projects.

Thanks for a productive workshop yesterday, too.

Best regards,

Ileene
