RE: Update: Impacts Bright Source

Dana,

After reviewing the revised and updated Workforce Analysis prepared by Bright Source Energy, our staff has determined the following:

- 1) Our original manpower and infrastructure needs and costs remain the same for the life of the project.
- 2) During the construction phase (29 months) an increase of \$9,600 per month will be added in overtime to mitigate the impacts due to the increase in workforce, traffic issues, and general law enforcement. Total cost of overtime during the construction phase is \$278,400.

If you need further information, please contact me.

Sincerely,

William R. Lutze, Sheriff
