Subject: I oppose Quail Brush

Hi Eric,

My name is Dan Plotner. I am writing to inform you that I, as a Santee resident oppose the Quail Brush project in its current proposed location. Placing a power plant in a location where the prevailing winds are sure to carry the hazardous air pollutants directly into the residential neighborhood of a neighboring city as well as a nearby high school (West Hills high school) is a recipe for disaster and future unending lawsuits. Far better to find somewhere to the northwest of the current proposed location to locate the project. Thank you for your consideration.
