**Subject:** Quail Brush Power Plant

To Whom it May Concern:

My husband and I are adamantly opposed to the proposed location of this power plant! It's too close to the schools that would be down wind that our granddaughter attends or will be attending and the family-oriented residential neighborhood of Santee!! In addition to being in a fire hazard area and ruining one of the best, pristine city parks we have, Mission Trails!!! Please, please do not change the zoning at this site. There's reasons this location was not zoned for this type of use in the first place. There must be a more suitable location for this plant in the county somewhere; it's a big county.

Thank you,  
John & Molly Elmore
