Subject: CEC record-docket #11-AFC-03 Quail Brush Power Generation sitingcase

Hello,

March 7, 2012

I am writing to encourage you to oppose the unnecessary and dangerous power plant being proposed for the Quail Brush Project. Even though technically located in San Diego, it sits on the border with Santee-a few hundred feet from West Hills High School. The pollutants it will create and the unsightly facility are an offense to the people of Santee. Please do the right thing and stand against this project.

Thank you,

David Dillon
