DOCKET	
11-AFC-3	
DATE	MAR 11 2012
RECD.	MAR 12 2012

Dear Mr. Solario,

As a resident of Santee, I believe that the *Quail Brush Power Plant* (11-AFC-03) would violate numerous land use plans, regulations and would be an unacceptable eyesore and health risk to Santee and Tierrasanta.

Also the high noise levels that this power plant would generate would destroy the tranquility of a regional asset – Mission Trails Regional Park.

Therefore, I believe that Quail Brush Power Plant must be rejected.

Sincerely,

Scott Braden – Santee, CA
