RECD. MAR 12 2012

Dear Mr. Solario,

It appears that the "Quail Brush Generation Power Plant" (11-AFC-03) would violate numerous land use plans/regulations and would be an unacceptable eyesore and health risk to the neighboring communities of Santee and Tierrasanta. The high noise levels would destroy the tranquility and ecology of a valued regional asset – Mission Trails Regional Park.

Please Don't allow San Diego Gas & Electric & Cogentrix Energy, LLC their Eastern partners to destroy Mission Trails Park and pollute Santee and Tierrasanta and other communities!

It must be rejected.

Sincerely,
 Frank Bathrick
