Dear Mr. Solorio,

Please make this project a prime concern regarding relocating it farther away in the (MTRP). Think of the families and children living so close to this. How can we know what the long term effects are to our children?

Correct me if I'm wrong...11 smoke stacks 100ft. high blowing into our Santee Schools and homes. Take a moment to think this through and make a fair decision with everyone in mind. There are children living and playing outside everyday.

Please stop this,
Rhonda Bellavia
