Mr. Solorio,

My name is Vince Vespertino. I am a resident of Santee California and user of Mission Trails Regional Park and have been for the past 18 years. My address is 8556 Big Rock Rd.

I am strongly opposed to the placement a power plant directly adjacent to City of Santee, West Hills High School, Mast Park and the Mission Trails Regional Park. This project is completely inappropriate for this area.

The CEC can consider multiple options. The best option is the "No Project Alternative that uses conservation as a strategy." Please ask the CEC to consider the "No Project Alternative that uses conservation as a strategy."

Respectfully,

Vince Vespertino
