DATE <u> MAR 22 2012 </u>
RECD. <u> MAR 27 2012 </u>

3/22/2012

I am a resident of La Mesa, CA and am **OPPOSED** to the building of a power plant in the proposed location. Being directly adjacent to West Hills High School, Mast Park and the Mission Trails Regional Park, and in close proximity to a significant amount of homes, it is NOT the right decision to build there. Doing so will serve to:

1. Decrease property value for Santee residents
2. Detract from the natural landscape set aside by these parks
3. Jeopardize our childrens' health, our health and the health of the wildlife and vegetation who live near by
4. Contribute to pollution in general of the surrounding area (even with some of the latest pollution-fighting technologies)

There ARE valid alternatives in terms of location and/or conservation measures. Please reconsider this proposal.
