I am a 73 year old senior citizen that has lived in Santee since 1973. And, I suffer from COPD. I do not believe that in the big city of San Diego a better place can't be found to put the Quail Brush project.

We the people of Santee DO NOT want the project in or near our city.

Some of the newer home buyers have already lost value of their property since they bought it due to the bad economy. This power plant would greatly reduce the property even more. Mine too! It would also be an eye sore to our community.

Santee would like to remain a small quiet little town. PLEASE help to stop this fiasco from happening to our little town.

Thank You,
