

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I oppose the Quail Brush power plant being built so close to Santee neighborhoods, our high school + elementary schools + sports parks. The dump has already been thrust upon us, the women's prison expanded in our city + now this. Just because we are a middle-class, hard-working community doesn't mean you can dump this on us without opposition. But this farther out to the east, away from a highly populated area.
