

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I would like to voice my opposition to the Quail Brush Generation project. I do not feel that the choice of the location is a thoughtful one and as a consequence, the best one for such a project. The plant will be creating pollution and releasing it to its adjacent neighbors - Mission Trails Regional Park and West Hills High School. It is not a safe place to ^{position} ~~locate~~ the plant!
