

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

Being that fires along San Diego freeways
are very common, what preparations
are being made in ^{realistic} anticipation to
fire in or near this gas burning
powerplant? Especially since it is close
to schools, trails, etc...
