

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I request the CEC uphold the City of San Diego

LORS and deny the permit. In sunshine-rich

San Diego, the better alternatives to

a fossil-fuel plant to meet peak demand

are clear: roof top solar, energy storage,

and energy efficiency, among others.
