PROJECT)

I, Dorian S. Houser, pursuant to the Committee Scheduling Order revised October 2, 2012 file this status report to the Committee.

Participation in Public Workshops: As part of the public participation process, I attended the Public Workshop held October 3, 2012 at Grossmont College. I provided comments to the CEC Staff and the Applicant on issues related to Biological Resources and Air Quality Modeling. I requested further input from CEC Staff on outstanding issues regarding the process used in the Air Quality model, particularly as it relates to the progression from AERMOD results (the preferred EPA model) to the use of CTSCREEN, a screening tool, for follow-up analyses. Staff provided assurances that this issue was still under consideration.

Review of Responses to Data Requests: I have partially reviewed responses provided to Data Requests I submitted on September 11, 2012. These responses, as well as prior responses to prior Data Requests issued by me, CEC Staff, and other Intervenors, will continue to be evaluated. Consideration is being given to additional data requests prior to the deadline for the exchange of information as indicated by the Revised Committee Schedule (Docketed October 2, 2012).

LORS Override: Given that the request to initiate an amendment to the City's General Plan was denied by the San Diego City Planning Commission and the San Diego City Council, I have begun review of the process required by the CEC to evaluate whether an override of LORS compliance is warranted. In this regard, I have reviewed and continue to review prior cases in which a LORS override was granted or denied.

Dated: October 15, 2012

Respectfully submitted,

A handwritten signature in black ink on a light yellow background, reading "Dorian S. Houser".
