

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

As a resident of Tierrasanta I want to voice my opposition to Quail-Brush Plant. Mission Trails Park is a treasured resource for our citizens, a place harboring nature habitats and one of the places for quiet solitude and exercise, a precious place. We need to move forward with SAFE, CLEAN energy sources. Until rooftop solar's full potential has been realized there is no need to move backwards in meeting our energy needs.

Thank you
