Dear Mr. Eric Solorio:

We reject any entity to site a power plant in the East Elliott area north of Hwy. 52 for the following reasons:

We will be adversely impacted by fire danger, air pollution, noise, decreased property values, and visual blight. The QBGP siting threatens the health, recreation, natural beauty, quiet, and quality of life of all San Diego County residents who use Mission Trails Regional Park (MTRP) and those who live, work, and go to school in the adjacent communities.

Thank you for your time and consideration,
AMR and MR - Santee Residents
