## Public Comment regarding the proposed Huntington Beach Energy Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

Now is the perfect time to take  
this industrial plant OUT OF HERE.  
This is a residential area where  
the residents have suffered greater  
health risks than they should.  
Power plants no longer require  
sea water for cooling. Move this  
plant away from this residential  
area. - None of my neighbors got  
notice of this meeting!
