**TO: AGENCY DISTRIBUTION LIST (LOCAL, STATE AND FEDERAL)**

**REQUEST FOR AGENCY PARTICIPATION IN THE REVIEW OF THE LODI ENERGY CENTER PROJECT, APPLICATION FOR CERTIFICATION (08-AFC-10), SUPPLEMENT C- NATURAL GAS SUPPLY LINE ROUTE CHANGE**

On September 10, 2008, Northern California Power Agency (NCPA) submitted an Application for Certification (AFC) to the California Energy Commission to construct and operate an electrical generating plant in the City of Lodi, San Joaquin County, California. The Lodi Energy Center (LEC) would be a combined-cycle, nominal 255-megawatt (MW) power generation facility. The proposed project would be located on 4.4 acres of land owned and incorporated by the City of Lodi, 6 miles west of the Lodi city center, located near Interstate-5 (I-5) approximately 1.7 miles south of State Route 12.

On November 20, 2008, the California Energy Commission determined the AFC to be complete, and staff is now in the discovery and analysis phases of the approximately 12-month project review process. .

On March 19, 2009, the Energy Commission received Supplement C- Natural Gas Supply Line Route Change for the Lodi Energy Center AFC. This change is the result of NCPA conferring with the Pacific Gas and Electric Company (PG&E), regarding the existing easements for the 8-inch natural gas supply line for the NCPA's Combustion Turbine Project #2 and discovering that the natural gas supply line was actually located along a route different than the one shown in the AFC.

Enclosed is a copy of Supplement C in electronic format (CD). If you would like to have a hard copy of the Supplement sent to you, please contact Rod Jones, Project Manager, at (916) 654-5191, or by email at [rjones@energy.state.ca.us](mailto:rjones@energy.state.ca.us). Note: If you have written comments on Supplement C, please send them to Mr. Jones.

The status of the proposed project, copies of notices, an electronic version of the AFC, and other relevant documents are also available on the Energy Commission internet website at <http://www.energy.ca.gov/sitingcases/loidi>. By being on the mailing list, you will receive notices of all project related activities and documents related to the proposed project's evaluation and review. You can also subscribe to receive email notification of all notices at <http://www.energy.ca.gov/listservers>.
