1516 Ninth Street, MS-4
Sacramento, CA 95814

**Subject: Docket No. 08-AFC-10
Lodi Energy Center**

The Port of Oakland appreciates the opportunity to review the Presiding Member's Proposed Decision (PMPD) for the Lodi Energy Center. The Port of Oakland has reviewed the PMPD and offers these minor comments:

1. Provide a list of acronyms.
2. Page 7 in Section 2. Project Construction and Operation - the first sentence of the second paragraph reads: "Construction costs are estimated to be between \$275 million." Provide the range of costs here.

Thanks,

Diane Heinze
Environmental Assessment Supervisor
