DATE <u>AUG 23 2010</u>
RECD. <u>AUG 23 2010</u>

RE: Calico Solar (formerly Solar One) Project (08-AFC-13)
Applicant's Submittal of Staff's Request for Road Information

Dear Mr. Meyer:

Tessera Solar hereby submits "Temporary and Permanent Fencing Timing" which demonstrates the proposed access road around the site. In addition, Tessera Solar submits "Fencing Timing for Phase 1a," previously docketed on August 12, 2010, which demonstrates proposed access in 2010 prior to start of Phase 1b construction.

Additional items to note:

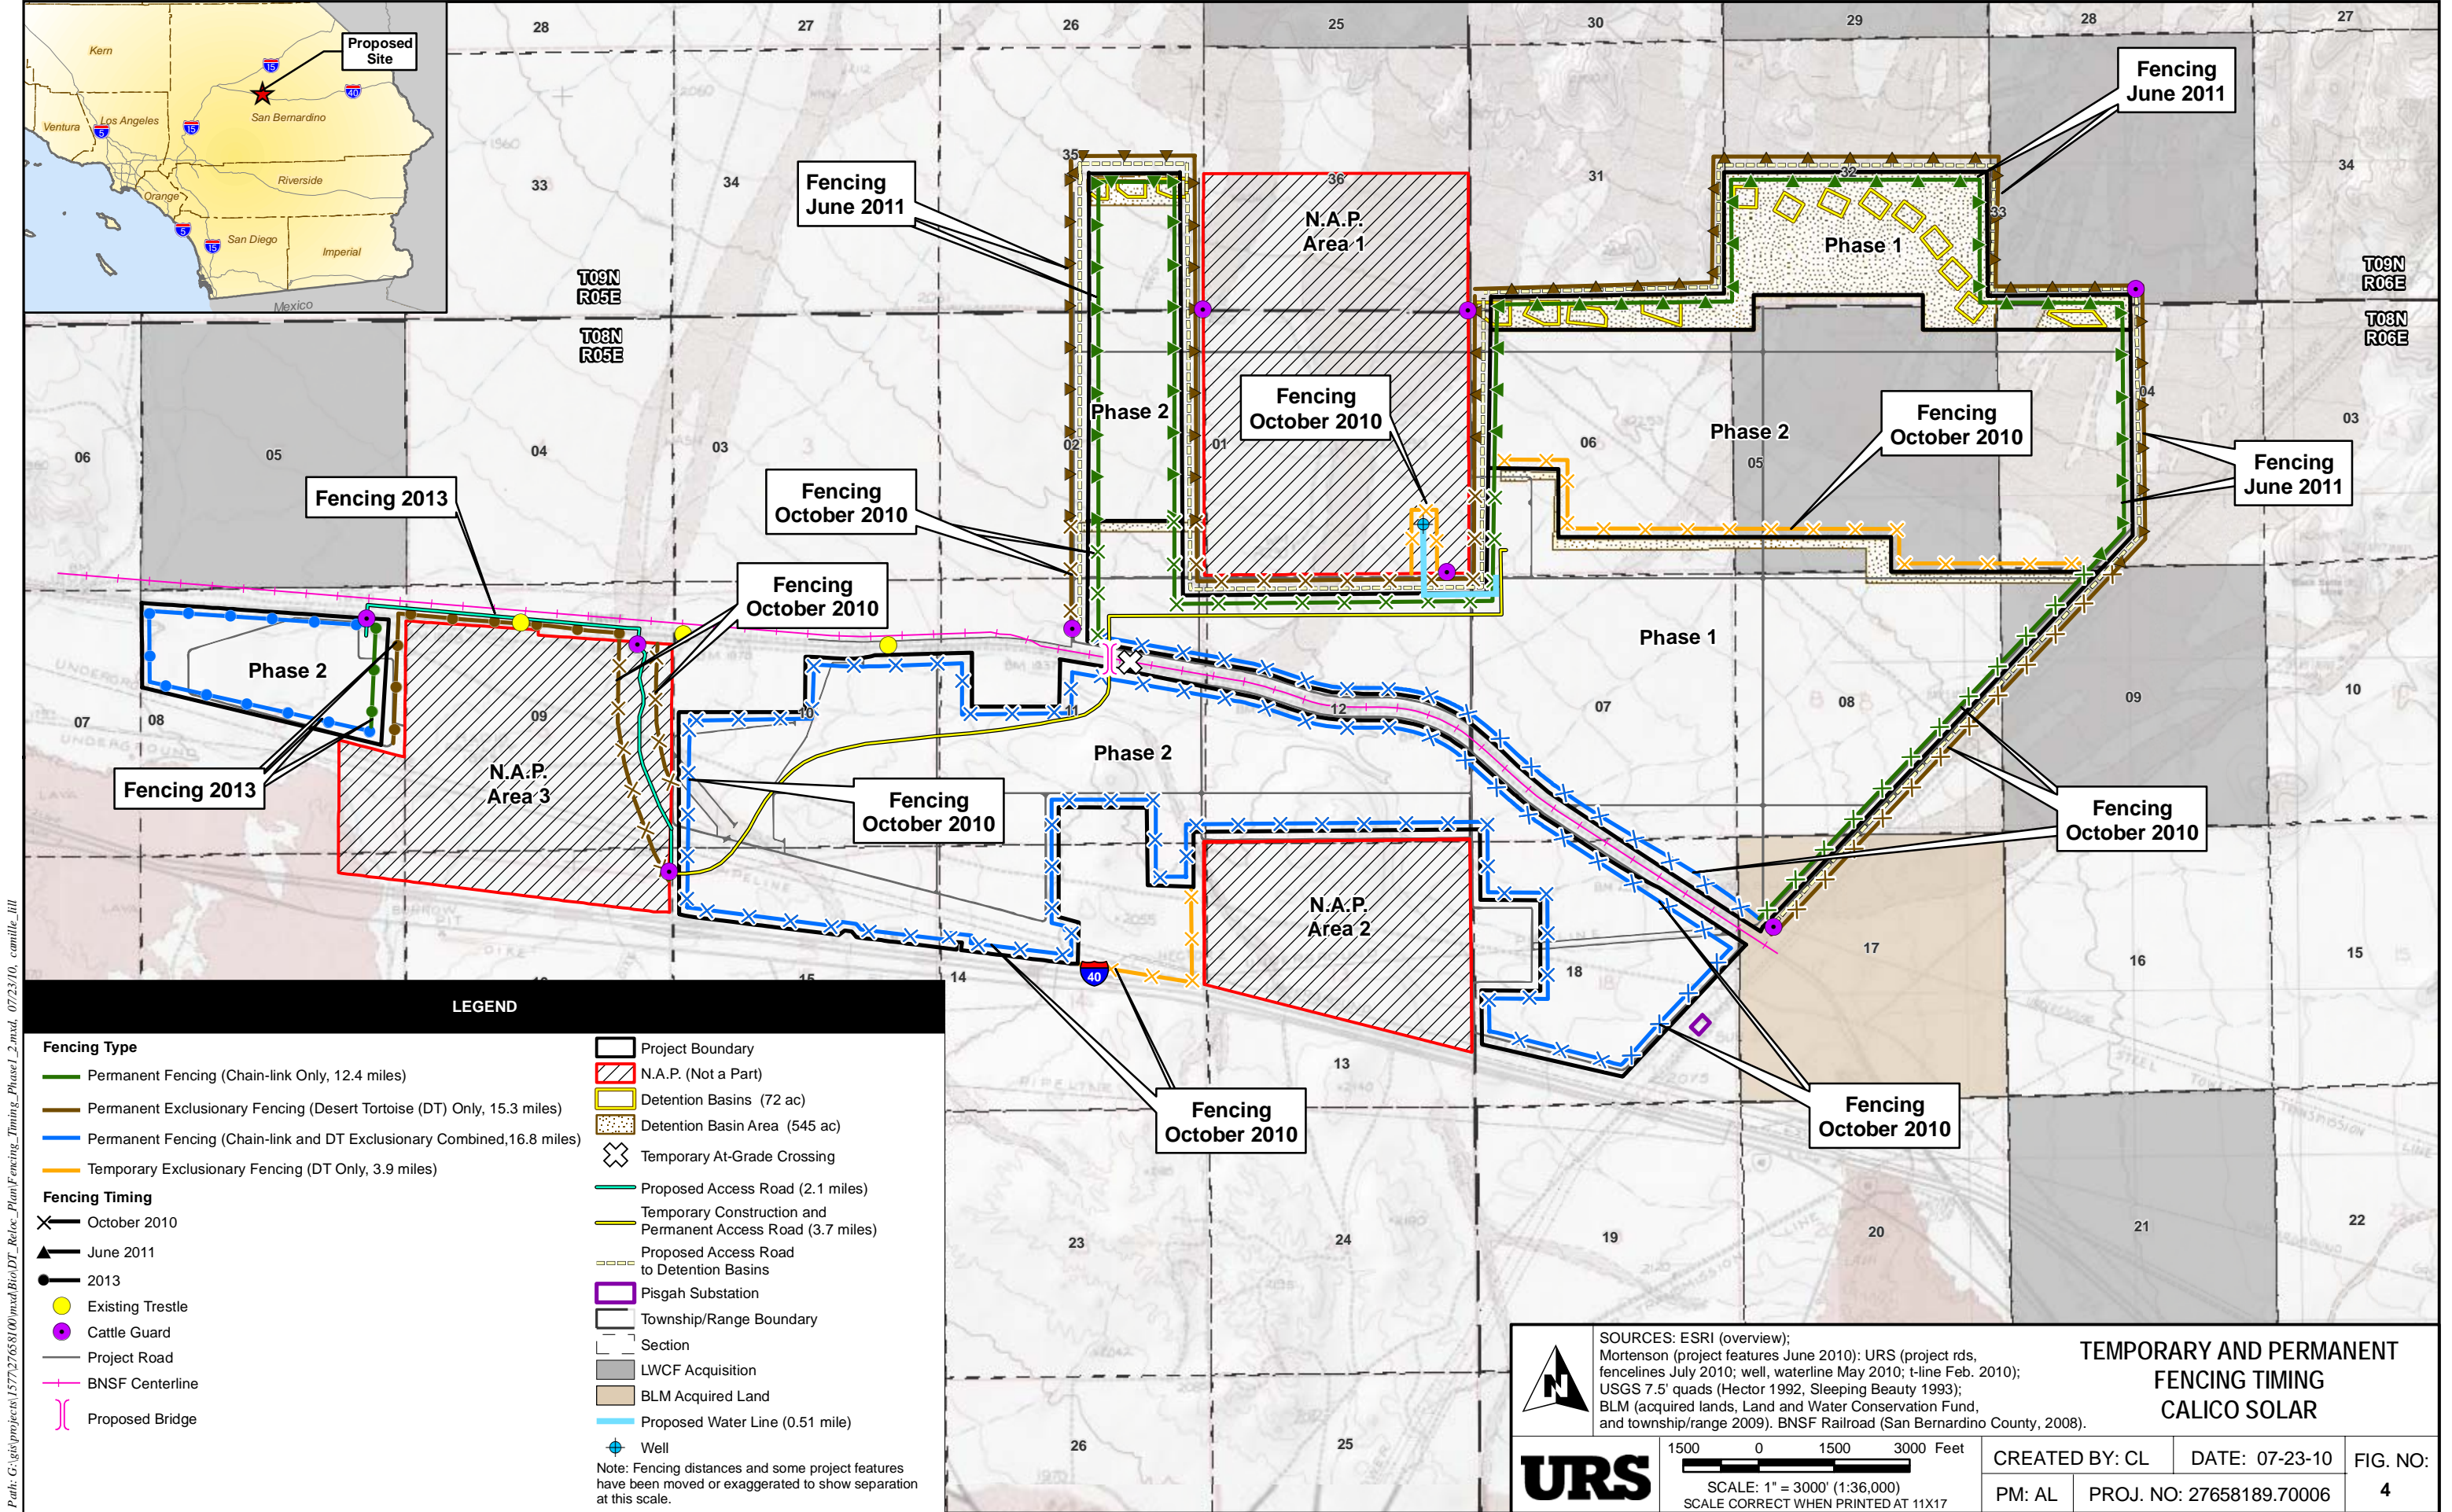

- The proposed access road is within the project boundary. Every exit or entrance will have a cattle guard to prevent desert tortoise from coming onto the road. The Applicant has placed a number of exits along the access road to facilitate exit and entry for the public.
- There are two uses of the BNSF right-of-way:
 - One temporary: During Phase 1a, until the proposed temporary at grade crossing next to the proposed bridge is complete, we plan to cross the rail at the existing at grade crossing at the continuation of Hector Road, make a right and travel east to our site.
 - One permanent: During Phase 2, we propose to access the western most portion of our site in Section 8 by exiting our proposed main entrance, traveling north on the continuation of Hector Road, turning left at the BNSF right-of-way south of the rail, and traveling west to our outlying portion of the site.

I certify under penalty of perjury that the foregoing is true, correct, and complete to the best of my knowledge.

Sincerely,

A handwritten signature in black ink that reads "Felicia L. Bellows". The signature is written in a cursive style with a large initial "F" and "B".
