RE: Calico Solar (formerly Solar One) Project (08-AFC-13)
Applicant's Submittal of Staff's Request for Phase 1a Fencing Information

Dear Mr. Meyer:

Tessera Solar hereby submits Phase 1a fencing information requested by Staff at the Calico Workshop held August 24, 2010. For Phase 1a, the fencing of the roads would work as follows:

- Both the permanent access road off of Hector Road as well as the temporary access road for use until BNSF's temporary at grade crossing is in place would be temporarily fenced.
- The temporary access road, meaning the continuation of Hector Road that crosses the BNSF track that then turns right and goes east to our site, would be temporarily fenced until the BNSF temporary at grade crossing next to the bridge is ready. This BNSF temporary at grade crossing is meant to be in place by approximately December of this year.
- The practical result will be that the area between the two roads will be temporarily closed off for no more than 2 months during a period of time when desert tortoise will be in their burrows.

I certify under penalty of perjury that the foregoing is true, correct, and complete to the best of my knowledge.

Sincerely,

Felicia L. Bellows
Vice President of Development
