Kim,

Thanks for keeping me in the loop. I recommend that you contact Elena Miller who is the Energy Commission's Public Advisor assigned to the Beacon Solar project. She can provide you with some direction on how to better understand the intervener process. Use the following link http://www.energy.ca.gov/public_adviser/index.html . I also recommend that you obtain a copy of the siting regulations which govern the licensing process, describe how to become an intervener and the responsibilities of an intervener (Section 1712). You can download the regs (title 20) by using this link: <http://www.energy.ca.gov/siting/title20/index.html>.
