Notice of Data Response & Issue Resolution Staff Workshop for the Marsh Landing Generating Station (08-AFC-3)

The California Energy Commission Staff will conduct a Data Response and Issues Resolution workshop for the proposed Marsh Landing Generating Station (MLGS). The purpose is to discuss the applicant's responses to staff's data requests and to work toward resolving outstanding issues. All interested agencies and members of the public are invited to participate. The workshop will be held:

**Thursday, December 18, 2008
10:00 a.m.**

Delta Diablo Sanitation District,
Plant Operations Center Lunch Room
2500 Pittsburg-Antioch Highway,
Antioch, CA 94509

**(Wheelchair Accessible)
(Map Attached)**

Purpose

The Energy Commission staff is currently analyzing Mirant Marsh Landing, LLC's (applicant) Application for Certification (AFC) for the proposed development of the MLGS project. Staff has provided the applicant one set of data requests dated November 13, 2008 for the following technical areas: air quality, biological resources, cultural resources, hazardous material management, land use, socioeconomics, soil and water resources, transmission system engineering, waste management, and worker safety and fire protection.

Staff's data requests and the Issues Identification Report are available on the Energy Commission's website at <http://www.energy.ca.gov/sitingcases/marshlanding>. The applicant's responses will be posted on the Commission's website as soon as possible after receipt. Following the workshop, staff will consider the comments it receives and initiate preparation of the Preliminary Staff Assessment (PSA) containing staff's preliminary analysis of the MLGS AFC and the potential impacts, including recommendations for mitigation and proposed conditions of certification.

Background

On May 30, 2008, the California Energy Commission received an Application for Certification (AFC) from Mirant Marsh Landing, LLC (applicant) for the Marsh Landing Generating Station (MLGS). The proposed MLGS project would consist of natural gas fired electric generation facilities and ancillary systems including electric and gas transmission lines; water and wastewater pipelines; and a water treatment facility at the Delta Diablo Sanitation District Bridgehead Lift Station.

The MLGS facility is proposed for a 27-acre site in Contra Costa County, California, north of the City of Antioch and currently occupied by five fuel storage tanks within Mirant's existing Contra Costa Power Plant site. If approved, construction of the new power plant is expected to occur over a 33-month period (October 2009 through June 2012), and is expected to cost approximately \$800 million.

Public Participation

The Energy Commission's Public Adviser's Office provides the public with assistance in participating in Commission activities. If you want information on how to participate in this proceeding, please contact the Public Adviser, Elena Miller, at (916) 654-4489, or toll free at (800) 822-6228, by FAX at (916) 654-4493, or by e-mail at publicadviser@energy.state.ca.us.

To request special accommodations for those persons with disabilities, please contact Lourdes Quiroz, the Energy Commission's Equal Employment Opportunity Officer at lquiroz@energy.state.ca.us or by telephone at (916) 654-5146. For those persons with limited English knowledge, request interpreter services by contacting Mike Monasmith, Energy Commission Project Manager, at (916) 654-4894 or by e-mail at mike.monasmith@energy.state.ca.us

Questions

General information about the proposed MLGS and related documents are available on the Energy Commission's website at www.energy.ca.gov/sitingcases/marshlanding. Please direct all news media inquiries to the Energy Commission's media office at (916) 654-4989 or e-mail at mediaoffice@energy.state.ca.us. Please direct your technical or project schedule questions to Mike Monasmith, Energy Commission Project Manager, at (916) 654-3911 or by e-mail at mike.monasmith@energy.state.ca.us.

If you are unable to attend the workshop, written comments may be sent to the staff's project manager electronically or to the Energy Commission's street address shown on the letterhead of this Notice.
