Re: Mirant Marsh Landing Generating Station (MLGS)

Dear California Energy Commission:

As land owners (APN: 051-032-009) across the street from the proposed power plant we support the construction of the new plant. Our only comment is the possibility of adding better street lighting to that area: if possible?

We would like to thank the California Energy Commission for keeping us informed.

Sincerely,

Don Clemetson, part owner of the 10.23 acres across from the proposed plant
