RE: Marsh Landing Generation Station Power Plant (AFC-08-3)

Dear Mr. Monasmith:

This letter is in response to a CEC letter, dated October 28, 2008, regarding the Marsh Landing Generation Station Power Plant (Case Docket Number 08-AFC-3). Mirant Marsh Landing is proposing a 760-megawatt generation facility at the Contra Costa Power Plant site, located at 3201 Wilbur Avenue in Contra Costa County. As you may know the area is currently undergoing negotiations with the County for annexation into the City of Antioch.

The City has been diligently working with the County on the annexation as well as with Mirant Marsh Landing on the subject power plant facility. Per the CEC's October 28th letter, the City of Antioch wanted to recognize the requested agency response deadline was back in January.

As stated earlier, the City of Antioch has been working diligently with Mirant and is still interested in commenting on the project. The City of Antioch will be submitting a letter to the CEC in the near future in order to respond to the requested information.

If you have any questions, please feel free to contact me at (925) 779-6133 or email me at mgentry@ci.antioch.ca.us.

Sincerely,

Mindy Gentry
Associate Planner
