Marsh Landing Generating	)	Petition for Intervention

_____	)	

1. I Robert Sarvey petition to intervene in the above captioned proceeding.
2. Petitioner will be represented by himself.
3. Petitioner is not a member of a group or organization that is already a party to this proceeding,
4. Petitioner has an interest in the proceeding because the project will impact the Tracy Area where the petitioner and his family live. The CEC Staff, ARB, and the BAAQMD determined in the East Altamont Energy Center Proceeding, 01-AFC-4 that 70% of all emissions emitted in the Contra Costa area impact Tracy.
5. Petitioner understands that he will receive all relevant documents in this proceeding and that he will be responsible for supplying other parties with information and documents properly requested, as well as complying with the Orders of the presiding Committee.

6. Petitioner certifies that he has provided a copy to the applicant's attorney of record and others on the official service list.

7. Petitioner understands that the Committee has provided an intervention date of June 1, 2010 which petitioner became aware of on June 4, 2010. Petitioner has been awaiting the Final Staff Assessment and the FDOC and intended to evaluate both prior to applying for intervention. Petitioner is now aware there will be no FSA and the Committee has chosen to proceed to hearings despite the absence of the FDOC. Petitioner has timely filed comments on the projects PDOC with the BAAQMD and has fully participated in the projects evaluation at the CPUC in A. 09-09-021. Petitioner believes that his participation will be beneficial to the Committees decision and will provide public input into the proceeding as to date no members of the public have intervened. Petitioner believes that this provides good cause for his intervention and that the applicant and staff will not be prejudiced by intervention four days after the June 1, 2010 deadline and 26 days before the pre-hearing conference. Petitioner will comply with all Committee orders, procedures, and filing requirements.
