March 9, 2009

TO: Jeffrey D. Byron, Commissioner and Presiding Member

SUBJECT: SES Solar Two LLC (08-AFC-5) Status Report #2

Stirling Energy Systems is currently working on Data Request Responses Set 1, Part 2. With current progress, SES anticipates submittal of Data Request Responses Set1, Part 2 on March 16, 2009. Along with this submittal, SES plans to submit revised Data Requests (DR) #26 and 33. SES will also respond to data requests, #37 and #38.

The revised DR #26 will summarize a newly proposed hydrogen (H2) gas supply, storage and distribution system. Revised DR #33 will describe the recently-revised mirror washing assumptions.

Revised DR's #37 and #38 will discuss newly proposed primary water source. SES has identified and is currently working with Seeley County Water District. If the reclaimed water from Seeley County Water District is determined to be our primary water resource, further analysis/Environmental Studies will be required. The results would be submitted to CEC/BLM as a supplement to the AFC.

Respectfully Submitted,

Kevin Harper
Project Manager, SES Solar Two LLC
