DOCKET

DATE MAY 05 2009

RECD. MAY 05 2009

May 5, 2009

To: Commissioner Jeffrey D. Byron, Presiding Member
From: Kevin Harper, Project Manager
Subject: SES Solar Two Project (08-AFC-5) Status Report #3

Dear Commissioner Byron,

Pursuant to the Committee Scheduling Order dated December 3, 2008, the following is the Stirling Energy Systems, Inc. (SES) Status Report 3 for the proposed Stirling Energy Systems Solar Two Project (SES Solar Two Project).

On March 26, 2009, SES filed its responses to the CEC/BLM's First Round Data Requests 53-127. The CEC/BLM are currently reviewing those responses. Since filing the data request responses, SES has requested a Data Response workshop which was subsequently scheduled for May 07, 2009.

On April 06, 2009, SES received the CURE Data Requests Set 1 and will file our data responses on May 06, 2009.

Also, SES will be filing a supplement in May 2009 that will provide information related to our water resources for the SES Solar Two Project. The supplement will include the necessary information related to the linear development for the water service to the proposed project area. SES will also provide additional information related to its hydrogen distribution system in a separate document to CEC/BLM in May 2009 as well.

We would like to thank both the California Energy Commission and the Bureau of Land Management for being both responsive and in maintaining the current schedule. If there is any further information that you would like for us to provide, please forward your request to us.

Sincerely,

Kevin Harper
Project Manager
