10/1/2014

Mr Ken Celli
State of California Energy Resources Conservation & Development Commission
RE: STATUS REPORT IN SUSPENSION – HIDDEN HILLS I & II LLC's

In line with the commission's request for a quarterly status update to supplement the conditions of suspension for the Hidden Hills Solar 1 & 2 Applications for certification, the applicant provides the following status updates.

Offtaker/PPA:

The applicant has been monitoring the 2014 and 2015 RFO's with CA IOU's to be prepared to participate with a competitive CSP power tower bid. The 2014/2015 window will run through Q2 2015 after which time the applicant will have enhanced transparency toward the path to future offtake agreements.

Land/Project Status:

The applicant continues to coordinate directly with the land-owner (Wiley Trust) to market the property to potential project partners capable and interested in funding the completion of the Hidden Hills AFC process – to date no active project partners have been identified.

Please don't hesitate to contact us directly with any questions or clarifications going forward.

Sincerely,

Charles Turlinski
