In the Matter of:

Application for Certification for the  
Hidden Hills Solar Electric Generating System  
Hidden Hills Solar I and II LLCs

Docket No. 11-AFC-02

**HIDDEN HILLS SOLAR I, LLC AND HIDDEN HILLS SOLAR II, LLC  
PETITION FOR CONTINUED SUSPENSION OF APPLICATION FOR  
CERTIFICATION**

Hidden Hills Solar I, LLC and Hidden Hills Solar, II, LLC (collectively, the "Applicant"), provide this memo as petition to continue the Suspension of the Application for Certification for the Hidden Hills Solar Electric Generating System ("Notice").

The Applicant has determined there is a continued need to suspend the Application for Certification for the Hidden Hills Solar Electric Generating System until April 3, 2016. In particular, the Applicant is actively monitoring the 2014/15 renewable procurement & energy storage solicitations (which run through the end of Q2 2015) with an expectation that results will help to determine a viable commercial path for the Hidden Hills SEGS that would justify the resumption and completion of the suspended permit within the very near term.

While the Commission should not continue to process the Application, the Applicant does *not* wish for its Application to be withdrawn pursuant to Section 1709.8 of the Commission's regulations. The Applicant will file a subsequent notice when it wishes for the Commission to continue processing the Application for Certification for the Hidden Hills Solar Electric Generating System, and that notice will request a Committee conference to establish a new schedule in the proceeding based on the circumstances at that time.

Respectfully submitted, April 7<sup>th</sup> 2015.
