Re: Palmdale Hybrid Power Plant Project—CEC Docket No. 08-AFC-9
(Application for Certification) (“AFC”)
Application for Confidential Designation—Biological Resources Mitigation Map

Dear Ms. Jones:

On behalf of the City of Palmdale (“City”), the applicant for the above-referenced Palmdale Hybrid Power Project (“PHPP”), and in response to the Committee Scheduling Conference held on July 9, 2009, I am providing a map depicting potential compensation mitigation lands (“Mitigation Map”). The Mitigation Map is confidential because it includes information regarding the location of potential biological mitigation areas. The Mitigation Map is related to previously submitted materials associated with Applicant’s supplemental responses to Data Request CC-BI, which along with other responses to the requests raised at the Committee Conference, was mailed on July 22, 2009.

The City requests that the enclosed Mitigation Map be designated confidential pursuant to 20 Cal. Code Regs. section 2505 (regarding the designation of confidential records). The City requests that the entirety of the enclosed Mitigation Map be kept confidential indefinitely in order to ensure protection of potentially sensitive resources and for financial reasons, as disclosure of the desirability of these areas could affect land acquisition prices. The City requests that the Mitigation Map not be disclosed even if aggregated with other information or redacted to conceal certain information.

The City has not disclosed any of the subject confidential information to anyone other than its employees, attorneys, and consultants working on the AFC for the PHPP. Moreover, this information has not been disclosed to persons employed by or working for the City except on a “need-to-know” basis. The City has marked this information “confidential” and has instituted a policy that it be segregated from other PHPP files.

LATHAM & WATKINS^{LLP}

I have been authorized to make this application and certification on behalf of the City. With my signature to this letter, I certify under penalty of perjury that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge.

Very truly yours,

Marc T. Campopiano
of LATHAM & WATKINS LLP
