Project Manager

Subject: **Palmdale Hybrid Power Project (08-AFC-9) Status Report 7**

Pursuant to the Committee Scheduling Order dated July 23, 2009, the following is staff's Status Report 7 for the proposed Palmdale Hybrid Power Project (PHPP).

Preliminary Staff Assessment (PSA)

Staff continues to work towards completion of a PSA. Staff notes that the Biological Resources section includes analysis and Conditions of Certification which must be reviewed by the CA Department of Fish and Game (DFG) prior to staff publication. We expect to receive final comments from DFG by December 1, 2009.

Schedule

Staff continues to be as productive as possible in light of the high workload of siting cases and various time and resource constraints. Due to unexpected delays in the review process associated with DFG, staff is projecting publication of the PSA sometime in late December or early January, depending on the length of time DFG needs to complete their review and to allow ample time for staff to incorporate comments and publish the PSA. Staff will also be dealing with other renewable project deadlines during this same interval, and reduced staff availability during the holidays.
