 E-Mail: dcapjane@aol.com

3. Petitioner is not a member of a group or organization already a party to this proceeding.

4. Petitioner seeks to intervene in this proceeding because our organization is concerned about the environmental and environmental justice impacts of the proposed project on the Antelope Valley, especially impacts on the public health of the residents of the Valley from the emissions from the power plant. We have issues which need to be discussed and mitigated in the licensing process for the facility, including the potential for the project to "crowd out" clean energy megawatts which need to be loaded onto the grid to meet the state's clean energy goals, impacts from the transmission line, impacts from water usage to cool the plant, impacts on employment and commuter traffic from the use of scarce ERCs for the power plant, the validity of the ERCs for PM, and the use of ERCs from the San Joaquin Valley to offset pollution from the power plant, and other air pollution issues.

5. Petitioner X agrees, that if a document is served upon me via email, an additional paper copy by mail is not necessary.
