**PROPOSED CHANGE TO A PREVIOUSLY PERMITTED POWER PROJECT IN THE
CITY OF EL SEGUNDO, LOS ANGELES COUNTY**

Dear Tribal Administrator Dorame:

Your name was provided to the California Energy Commission (Energy Commission) by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a power plant in Los Angeles County.

The Energy Commission has jurisdiction over the proposed project and has received an application to amend a permit to include use of Rapid Response Combined Cycle (R2C2) technology, and to modify the equipment delivery route, and method of delivery. The project would provide approximately 630 megawatts of power, and would be located in the City of El Segundo. Information about the project can be viewed on the Energy Commission website at <http://www.energy.ca.gov/sitingcases/index.html>.

Please review the attached aerial photograph, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Dorothy Torres (916-653-3992), Fax: (916) 651-8868; E-mail: dtorres@energy.state.ca.us. You may also call the Commission's Public Adviser, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

The cultural resources staff welcomes your comments. We will be holding workshops and hearings over the coming months on the project and our assessment. You will be notified in advance about times, locations and the topics for each of these events.

Sincerely,

A handwritten signature in black ink that reads "Rich York for Paul Richins".
