Subject: Malburg Generating Station  
Decision Modification Request

Dear Mr. Douglas,

As per our phone conversation of 28 August 2012, please disregard the amendment request for conditions of the Malburg Generating Station decision dated 13 December 2010. We are in the process of amending our RECLAIM Permit with AQMD and want to make sure that our RECLAIM Permit and the CEC Decision mirror exactly. After we successfully navigate the AQMD issue, we'll reapply for a CEC Amendment to reflect those changes.

Thanks again for working with us on this.

Sincerely,

A handwritten signature in blue ink that reads 'Dan Dunlap'.
