Subject: Approval of Petition for Additional Safety Platforms, Stairs and Ladders
Magnolia Power Project (01-AFC-6C)

In accordance with the provisions of Title 20, California Code of Regulations, section
1769(a), California Energy Commission staff reviewed your petition received on August 9,
2007, requesting additional safety platforms, stairs and ladders. Staff determined that the
petition met the criteria of section 1769(a)(2), and mailed the “Notice of Insignificant
Project Change” to the Energy Commission’s post-certification project mailing list on
August 17, 2007.

The Energy Commission did not receive any public comments regarding this requested
project change within the 14-day public review period as specified in section 1769(a)(2).
Therefore, your requested modification is approved.

As requested by Southern California Public Power Authority (SCPPA), the City of Burbank
shall act on behalf of the Energy Commission as Chief Building Official (CBO) for review
and inspections for the addition of safety platforms, stairs and ladders. The project owner
must provide a copy of the CBO’s final inspection report for these project changes in the
next Annual Compliance Report.
