Subject: Re: Dockets 04-AFC-1 and 04-AFC-1C; San Francisco Electric Reliability Project

Dear Ms Stora,

On October 3, 2006, the California Energy Commission ("CEC") approved an Application for Certification by the City and County of San Francisco for the San Francisco Electric Reliability Project (SFERP) in Order No. 06-1003-01. The City and County of San Francisco hereby notifies the California Energy Commission that it no longer intends to build the SFERP and requests that the permit to construct the SFERP be revoked.

Please note that Angelique Juarez-Garcia, Compliance Project Manager, was notified in an Email of June 28, 2010 of our intent to cancel the permit.

Sincerely,

Barbara Hale
Assistant General Manager
Power Enterprise
San Francisco Public Utilities Commission
