DATE	DEC 20 2010
RECD.	JAN 05 2011

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Name: San Francisco Electric Reliability Project

Energy Commission Docket Number: 04-AFC-1C

Energy Commission Contact Person: Christine Stora **Phone #:** 916-654-4745

Project Location: The Project was proposed for a location on a 4-acre site owned by City and County of San Francisco (CCSF) that lies south of 25th Street and approximately 700 feet east of Illinois Street.

Project Description: The proposed San Francisco Reliability Project would have been a 145 MW simple cycle peaking power plant that was certified on October 3, 2006, but it was never built.

Modification Description: This modification terminates the license for the San Francisco Reliability Project and that no further compliance fees be collected as of June 28, 2010 (the date of the petition).

On December 15, 2010, the California Energy Commission approved the above-described project change pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment.
2. Mitigation measures were made a condition of approval of the project.
3. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Energy Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Energy Commission's web site--www.energy.ca.gov.
